February 18, 2021

**RE: Bowdoin Street and Williams Street Closure**

Dear La Verne Resident:

The Community Development Department received an application proposing a housing development on Amherst Street. During the review and comment period for the project, the City received comments indicating support for, and opposition to, the opening/reopening of the Bowdoin Street intersection at Williams Avenue. Based on the Draft Environmental Impact Report (EIR), the proposed project does not have any bearing on the reopening of this intersection.

That being case, and in consideration of the comments received, the City Council will be presented with this information at their March 1, 2021 meeting at 6:30pm and decide if the City should conduct further study on the matter. The meeting will be live-streamed on the City's website at [www.cityoflaverne.org](http://www.cityoflaverne.org).

If you wish to comment of this matter, please send them to: Deputy Director of Public Works, 3660 "D" Street, La Verne, CA 91750, Attn: Anthony Ciotti, or via e-mail to [aciotti@cityoflaverne.org](mailto:aciotti@cityoflaverne.org) prior to the March 1, 2021 meeting. Requests to speak on this item shall be received before 5:00 p.m. on March 1, 2021. Speakers shall provide their phone number in the e-mail request and staff will call them at the appropriate time during the meeting.

Sincerely,

Anthony Ciotti  
Deputy Director of Public Works

I declare under penalty of perjury that I  
am employed by the City of La Verne in  
the Planning Department and that I  
posted this notice at City Hall  
Council Chambers on February 18, 2021
