La Verne Household Hazardous Waste and E-Waste Event

12/21/18 from 9am-3pm Brackett Field, Fairplex Drive and West McKinley Ave. La Verne

Reducing Waste During the Holiday Season

Food Waste Reduction Tips for the Holiday Season

- **Hosting for the Holiday?** Plan meals and avoid impulse buys by making a grocery list before heading to the store.
- **Prevent Food Waste.** Send guests home with leftovers packed in reusable containers.
- **Encourage recycling.** Set out clearly marked containers and encourage guest to empty out bottles and cans before placing them in the recycling.

Christmas Tree Recycling

It's that time of year again...carols and lights, tinsel and hot chocolate. Along with the bright joys of the season, comes a darker side...a lot of extra materials in our landfills. From the millions of holiday cards, to the shipping packages and wrapping paper from gifts, we will see tremendous amounts of trash in our carts. To help prevent some of this from ending up in the landfills, the City of La Verne in conjunction with Waste Management is once again offering Christmas Tree Recycling. We ask that you remove the stand, water container and other decorations before placing your tree curbside on December 30th, January 6th or 13th. Trees can be picked up on later dates, when requested as a large item pickup. If your tree is over six feet, we kindly request that you cut it in half. Flocked trees are accepted, but **CANNOT** be recycled due to the chemicals in the flocking material.
